

Album One-Sheet

The R&B Band, "TMF" now known as MAZE The Music Forever released their self-titled debut album on March 15th. The album was recorded at KTSU Recording Studios in Houston, Texas less than one-year since TMF's first ever live performance in June of 2023 at Chastain Park, in Atlanta, GA. TMF consists of five former Maze band members that were handpicked by Frankie Beverly (Roame, Larry "Bear Williams" Kimpel, Vance Taylor, Calvin Napper and Daniel Weatherspoon). These players toured for over 20 + years with the iconic R&B Group, "Maze, featuring Frankie Beverly". TMF now adds the powerful Solo Artist, Chris Walker, as lead vocalist, and the dynamic Joey Woolfalk on Guitar.

TMF released their first single, "Making Love to the Music", last September, in which the sultry R&B song reached #1 on the Internet Broadcaster & Alliance Chart and #17 on the UK Soul Music Chart 2023. The album is blazing with 9 original songs written and produced by TMF. The album is a complete funk groove from the explosive first song, "Synergy", that follows and encompasses a musical story line from "Let Me Love You"; "New Again"; "Making Love to the Music"; "I'll Never Let You Go"; "Choices"; "So Deep in Love"; "When the Groove Feels Right" and "Tribute to the Great Ones". Music lovers will definitely enjoy this intentional R&B capsule of Grown Folks Music that will resonate for a life-time.
