

"Grown Folks Music Is Back!"

R&B Super Group TMF which is now MAZE The Music Forever is comprised of seven veteran musicians, singers, songwriters and producers, five of which were previously known as the Iconic R&B Band, Maze. Lead Vocalist, Chris Walker and Joey Woolfalk round out the band's lineup having also carved out highly successful solo careers in their own right. These seven gentlemen have collaborated with some of the very biggest artists in the music industry... Beyonce, Janet Jackson, EWF, Whitney Houston, Luther Vandross, Al Jarreau, Frankie Beverly, George Duke, Anita Baker, George Benson, Steve Perry, Donnie McClurkin and Alanis Morissette. The aforementioned artists and so many others' careers have benefited greatly due in large part to these multitasking individuals being involved in their creative processes. An astounding Two-Hundred + Years of combined professional experience exists from studio recordings, songwriting, production and live performances. Maze The Music Forever are bringing timeless music to the worldwide music audience through their recordings and high-energy live concerts.

The band's New Album features the hits, "Making Love To Music" and "Let Me Love You" on the TMF Entertainment Label. The album has been very well received by music fans everywhere and is charting in the United States, UK, Japan and Europe. The album is blazing with nine original songs written by members of the band and produced by TMF. The album is a complete funk groove from the explosive first song, "Synergy", that follows and encompasses a musical story line from "Let Me Love You"; "New Again"; "Making Love to the Music"; "I'll Never Let You Go"; "Choices"; "So Deep in Love"; "When the Groove Feels Right" and "Tribute to the Great Ones". Music lovers will definitely enjoy this intentional R&B capsule of Grown Folks Music that will resonate for a life-time.

In June of 2023 the members of TMF received the Joseph R. Biden Presidential Lifetime Achievement and Volunteer Services Awards for their tireless efforts to bring pride and excellence to their communities and to the music industry-at-large.
